

# Meeting Notes

## *March 9, 2019*

### **Meeting Called to Order:**

Linda Walters called the meeting to order at 11:13 a.m.

**Attendance:** Can we get a signup sheet to make this a bit easier? I am so bad with names and this will be a bit of a challenge for me. Also, we could keep the attendance sheets in records in case we need to look back on who was there for voting and such. We could also have a place on the attendance sheets for visitors to add their emails and such so we don't have to have separate forms for it.
